RULING ON ENTITLEMENT¹

On December 18, 2020, Emily Fenster filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered a shoulder injury related to vaccine administration (“SIRVA”) as a result of an influenza (“flu”) vaccine that was administered to her on November 27, 2018. Petition at 1. The case was assigned to the Special Processing Unit of the Office of Special Masters.

forth in the Vaccine Injury Table (“Table”) and the Qualifications and Aids to Interpretation (“QAI”) for SIRVA caused by the intramuscular administration of a flu vaccine.” *Id.* at 4 (citing §§ 100.3(a)(XIV)(D), 100.3(c)(15). Respondent further agrees that “the case was timely filed, that the vaccine was received in the United States, and that [P]etitioner satisfies the statutory severity requirement by suffering the residual effects or complications of her injury for more than six months after vaccine administration.” *Id.*

In view of Respondent’s position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
